IOWA STATE UNIVERSITY

Dear Iowa State University Graduates and Guests:

Congratulations to all of the Spring 2025 graduates, and thank you to everyone who played a role in their successful journey through Iowa State University.

Commencement is an opportunity for reflection and celebration. Each graduate is a valued member of the Iowa State community. We are a better university because of the positive contributions you have made during your time here. We thank you for the many ways you have enhanced our campus—both inside and outside the classroom—and we wish you the very best as you begin your next chapter.

For 167 years, Iowa State has proudly served as the state of Iowa's only land-grant university. Through our distinct mission of education, research, and extension, Iowa State is preparing students for meaningful careers and lives, while addressing the needs of society.

As Iowa State graduates, you will become the professionals, entrepreneurs, innovators and leaders who shape our state, nation, and world. Your future accomplishments will reflect the exceptional quality of this university. Thank you for being a part of this wonderful tradition and for supporting Iowa State's legacy of excellence.

I hope you enjoy today's commencement ceremony and that you will continue to be connected with Iowa State University. We wish you great success and happiness.

Sincerely,

A handwritten signature in black ink that reads "Wendy Wintersteen". The script is fluid and cursive, with the first name "Wendy" and last name "Wintersteen" clearly legible.

Wendy Wintersteen
President of the University

THE OFFICIAL UNIVERSITY MACE

Sculptor Jeanne L. Stevens-Sollman of Bellefonte, Pennsylvania, designed and crafted the mace and presidential chain of office used in Iowa State University's formal academic ceremonies. The complementary pair of bronze and silver ceremonial items are on display in the Alumni Center as part of University Museums' Art on Campus collection.

The mace symbolizes the authority of the university president. The chief faculty marshal carries it at the head of the academic procession and, by placing it on its stand, signals the beginning of the ceremony.

Created in bronze, silver, and tiger maple, Iowa State University's mace is an interpretation of the campanile. The bronze headpiece features two campus landmarks – the Campanile and Christian Petersen's Fountain of the Four Seasons—and a silver presidential seal inscribed with "Iowa State University–Science With Practice." The tiger maple staff bears bronze plaques inscribed with the names of all previous Iowa State presidents and their years of service. The mace is 60 inches long and weighs 14 pounds.

THE PRESIDENTIAL CHAIN OF OFFICE

The presidential chain of office symbolizes the rich history and traditions of Iowa State University. It features an image of the Campanile on the front. On the back is a representation of Beardshear Hall, home to the president's office. The columns of Beardshear form the shoulder epaulets, inscribed with "leadership" and "service." The Campanile-inspired links in the presidential collar contain the words "engagement," "learning," "discovery," and "access." The reverse sides of the bronze sections feature low bas reliefs of corn.

The mace and first presidential chain of office ("Monile Praesidis Maximus") was commissioned by University Museums and the ISU Alumni Association in 2008. The second presidential chain ("Monile Praesidis Secundum"), a proportionally smaller version commissioned by University Museums in 2018, was supported by an anonymous donor and Carole A. and Roger E. Custer.

ACADEMIC REGALIA

In May 2008, Iowa State University debuted custom-designed doctorate regalia. The special commencement doctorate gowns were created with emblems and colors to reflect Iowa State's tradition and to complement Iowa State's hood. The fabric is cardinal red gabardine with

black velvet panels and chevrons edged with gold cording. The Campanile, a beloved symbol and university tradition, adorns the two front velvet panels. An eight-sided black velvet tam with a gold silk tassel completes the official regalia.

Academic gowns have been part of the university experience since the twelfth century and the advent of the first European universities. Because these early schools were connected to great cathedrals, the black gown of the schoolmasters, or

scholastics, emulated the somber dignity of the clergy and signified a life devoted to learning. In addition, the ample materials of the gown served to keep the scholars warm in the drafty environment of the medieval university.

A confusing array of caps, gowns, and hoods emerged from the centuries in Great Britain and from early years of higher education in the United States. American institutions recognized the need for a standard code and the great majority of academic costumes now worn in the United States are in accordance with the general provisions of the Intercollegiate Code of 1895. This code was slightly revised in 1932 and again in 1959. Under this code, the bachelor's

gown has pointed sleeves; the master's gown has oblong sleeves with an arc at the bottom; and the doctor's gown has bell-shaped sleeves. However, the doctor's gown is faced down the front with velvet and has three bars of velvet across the sleeves.

The square shape of the scholar's cap or mortarboard is thought to denote the stability of scholars and their books. Candidates for advanced degrees wear black tassels. The following is a list of tassel colors for baccalaureate degree candidates:

Agriculture and Life Sciences – *Maize*

Business – *Drab*

Design – *Brown*

Engineering – *Orange*

Health and Human Sciences – *Maroon*

Liberal Arts and Sciences

Bachelor of Arts – *White*

Bachelor of Liberal Studies – *White*

Bachelor of Music – *Pink*

Bachelor of Science – *Golden Yellow*

Veterinary Medicine – *Gray*

The hood gives color to the academic costume while its length indicates the wearer's academic degree. At Iowa State, hoods are worn by master's and doctorate degree recipients. Hoods were added to the official academic attire of master's degree recipients in May 2018. In general, hoods are made of a wide panel of black cloth, matching the gown and are lined with satin in the official academic colors of the institution awarding the degree.

Iowa State University's colors are cardinal and gold, therefore, the top half of the lining is gold and the lower part is cardinal. The colors used in the edging of hoods and tassels are associated with the discipline.

HOODING CEREMONY, DOCTORATE DEGREES

The Doctor of Philosophy and Doctor of Education are the university's highest academic degrees, awarded only to those who have successfully completed an intensive and demanding course of study whose primary focus is on learning to conduct original research.

The final stage of the program is the preparation and defense of a dissertation that describes the outcome of a major research project. To prepare for that project, the student must have gained expertise and skills in a particular discipline and must have thoroughly explored its existing knowledge base. Those who receive doctorates have demonstrated that they are truly experts in their

fields whose research has contributed significantly to human knowledge.

The hooding ceremony symbolizes their admission to the exclusive ranks of those who have earned the respect associated with the title "Doctor of Philosophy" or "Doctor of Education." During the hooding ceremony, the degree recipients are escorted and hooded by their major professors who have worked with them throughout their study for the doctoral degree. The hoods will connect the graduate with a family of scholars throughout history and from all parts of the world.

SPECIAL RECOGNITION, ADVANCED DEGREES

Candidates for graduation for the Masters, Ph.D., or Ed.D. may be recognized with the Teaching Excellence Award or the Research Excellence Award.

The Teaching Excellence Award recognizes those who provided outstanding contributions in teaching undergraduate students while working toward a graduate degree.

The Research Excellence Award recognizes those with outstanding research accomplishments in a graduate program.

Honorees for both awards wear cardinal and gold honor cords and are noted in this program as follows:

§ Research Excellence Award

†† Teaching Excellence Award

SPECIAL RECOGNITION, UNDERGRADUATE DEGREES

Candidates for undergraduate degrees may be recognized for graduating “With Distinction” and/or graduating in the Honors Program. This system is recognized internationally; however, the requirements vary among institutions. In the United States, Latin honors are most often awarded to those earning undergraduate degrees. Each academic institution sets its own standards and requirements for each honor.

At Iowa State University, candidates for graduation with distinction must have completed 60 semester credits of coursework at ISU at the time they graduate, including a minimum of 50 graded credits or Satisfactory-Fail course credits. Those graduating summa cum laude (with highest distinction) have earned a grade point average of 3.90 or higher; magna cum laude (with great distinction) have a grade point average of 3.70 to 3.89; or cum laude (with distinction) have a grade point average 3.50 to 3.69. Grade point averages are based on a 4.00 scale. In addition to the notation in the commencement program, this recognition appears on the official transcript and diploma.

The University Honors Program is an individually planned program of study designed to provide greater depth and breadth of scholarship than the regular curriculum. Those graduating from the University Honors Program have designed and completed an individualized program of study, including an independent Honors Research Project, while earning a required minimum grade point average or better.

Students graduating with special recognition will wear a cord and/or medallion and will be noted in this program as follows:

- *** Summa Cum Laude – with highest distinction (cardinal and gold cord)
- ** Magna Cum Laude – with great distinction (gold cord)
- * Cum Laude – with distinction (cardinal cord)
- † Honors Program (medallion)

GRADUATE COLLEGE COMMENCEMENT SPEAKER

Patrick Schnable, C.F. Curtiss Distinguished Professor in the Department of Agronomy; Iowa Corn Endowed Chair in Genetics; Baker Scholar of Agricultural Entrepreneurship; and Director of the Plant Sciences Institute at Iowa State University

Patrick Schnable is a distinguished professor at Iowa State University, where he is the Iowa Corn Endowed Chair and directs the Plant Sciences Institute that is

fostering collaborations among plant scientists, engineers, and data scientists. He is also the Baker Scholar of Agricultural Entrepreneurship and the lead of Iowa's Digital and Precision Agriculture economic development platform.

Schnable received a Bachelor of Science in Agronomy from Cornell University and a Doctor of Philosophy in Plant Breeding

and Cytogenetics from Iowa State University before

conducting post-doctoral research in Molecular Genetics at the Max Planck Institute in Köln, Germany.

Schnable's wide-ranging investigations of the genetics, genomics, and phenomics of maize have resulted in over 200 peer-reviewed publications, an h-index of 90, and over 32,000 citations. He is a fellow of the American Association for the Advancement of Science, co-lead of the Genomes to Fields Initiative, the Principal Investigator of the Agricultural Genomes to Phenomes Initiative (AG2PI), a past chair of the American Society of Plant Biology's Science Policy Committee, and a past chair of the Maize Genetics Executive Committee. Schnable is also a serial ag-tech entrepreneur. He is CEO and co-Founder of Dryland Genetics Inc., a proso millet breeding company. He also serves on the scientific advisory boards of several ag-tech companies and consults widely.

GRADUATE COLLEGE STUDENT MARSHAL

Christine Marie Cain

Hometown: Sheldon, Iowa

Major: Education

Christine joined the Graduate College in 2020 to pursue a doctorate in education after earning a Bachelor of Arts degree from Creighton University and a Master of Arts degree from Teachers College of Columbia University.

Christine's dissertation examines rural college student connections to their rural home and how those relationships change over the course of the students' college journeys. She has had three peer-reviewed journal publications, one of which she is the sole author, two edited book chapters and manuscripts, and two edited books. Additionally, she has conducted 14 peer-reviewed conference presentations.

Christine contributed in leadership roles at Iowa State University, serving two times as elected president of the Graduate and Professional Student Senate. She also co-led a seminar in the School of Education and regularly mentored others.

Christine is working as a Graduate Enrollment Program Manager at Iowa State.

University Escort: TJ Stewart, Associate Professor, Department of Education

GRADUATE COMMENCEMENT VOCALIST AND ASSISTANT DIRECTOR OF BANDS

Allie Pauly, Graduate Commencement Vocalist

Allie Pauly is a senior in vocal music education at Iowa State University, where she is actively involved in the university's musical community. A dedicated soprano with

a passion for opera and solo performance, Allie has been a member of the ISU Opera Studio and the Iowa State Singers since 2021. In addition to her performances, she is a member of Sigma Alpha Iota, a music fraternity on campus, fostering her commitment to music and sisterhood. Allie graduates this spring with a Bachelor of Music degree and aspires to share her

love for music through teaching high school choir.

Javan Shields, Assistant Director of Bands

Javan Shields serves as an Associate Teaching Professor, as well as the Assistant Director of Bands at Iowa State University. He conducts the Concert Band and Campus

Band. He also assists the Athletic Band program including, the Iowa State University Cyclone Football 'Varsity' Marching Band, and Men's and Women's Basketball Bands. He serves as the instructor of State Storm, which is the athletic band for soccer and wrestling matches.

Mr. Shields earned a Bachelor of Music Education from Indiana Wesleyan University in Voice

and Trumpet. As a performer and teacher, he has traveled to England, France, Italy, New Zealand, Belgium, and the Netherlands to teach music to students of all ages.

Mr. Shields has served as a band graduate teaching assistant at The University of Akron while pursuing a Master of Music degree in Wind Conducting. While

there, he had numerous opportunities to guest conduct the Symphonic, Concert, and University Bands, and he composed and taught drill for the marching band. He served as the director for the women's basketball bands and the assistant conductor for the men's basketball band. At Akron, he was a student of Galen S. Karriker and Andrew D. Feyes.

Before his graduate degree, Mr. Shields served as Assistant Director of Bands at Carrollton High School (OH) and was also the primary middle school choral director. He created a brass choir ensemble, which received superior ratings at the Ohio Music Education Association Solo and Ensemble Adjudicated Events, and his choirs also received superior ratings in adjudicated events.

Mr. Shields holds professional memberships in the National Band Association, College Band Directors National Association, National Association for Music Education, and the Ohio Music Education Association. He has received honorary memberships from Kappa Kappa Psi and Tau Beta Honorary Band Fraternity and Sorority.

 DISSERTATION: On-chip enrichment strategies for point-of-care detection of low-abundant biological analytes

Major in Electrical Engineering (Electric Power and Energy Systems)

Yanda Jiang *Tongling, China*

DISSERTATION: Power system reliability evaluation and long-term planning: Integrating network reduction and adaptive co-optimization expansion planning

Major in Electrical Engineering (Electromagnetics, Microwave, and Nondestructive Evaluation)

Joseph T. Filbert *Ames, Iowa*

DISSERTATION: Microwave nondestructive evaluation of metal powders used in additive manufacturing

Major in Engineering Mechanics

Amir Abdelmawla Ahmed Abdelmawla *Fayyum, Egypt*

DISSERTATION: Investigation of structure and deformation mechanisms at amorphous/crystalline metallic interfaces and fatigue resilience of high toughness alloys subjected to initial plastic damage

Kamrun Nahar Keya *Ames, Iowa*

DISSERTATION: Advanced simulations of cross-linked thermoset and conjugated polymers for multifunctional applications

§ Nayan Deep Tiwari *Ames, Iowa*

DISSERTATION: Experimental studies on wind-induced loads and response of civil structures to investigate the effects of their geometry in uniform, gusty, and tornadic wind-flow

Major in Environmental Science

Sedi Lawrence *Colorado Springs, Colo.*

DISSERTATION: Integrating microclimate dynamics in urban building energy use models

Major in Fisheries Biology

§ William Robert Cope *Apex, N.C.*

Major in Food Science and Technology

§ Khairun Nafiz Tumu *Ames, Iowa*

DISSERTATION: Advancements in recycled plastic food packaging safety and suitability: Addressing chemicals of concern (CoCs), recycling policies, material processing and performance

Major in Forestry

COLLEGE OF VETERINARY MEDICINE COMMENCEMENT SPEAKER

Karen Shaw Becker, Veterinarian, Author and Educator

Karen Shaw Becker, DVM, CVH, CVA, CCRT, is a veterinarian, animal advocate, educator, and multiple New York Times best-selling author. Her career has spanned private practice, establishing the first functional medicine hospital in the U.S. and developing two non-profit organizations to fund veterinary nutrition and longevity research. Dr. Becker is the world's most-followed veterinarian on Facebook. Her platform provides practical

health information for millions of pet parents, industry professionals, and veterinarians. She is the co-author of *The Forever Dog*, the first dog health book to reach #1 on the New York Times best-seller list and be published in over 21 languages. Becker cares deeply about protecting the earth's wild animals and those whose populations are in peril. She celebrates her 37th year as a federally licensed wildlife rehabilitator this year. Her career has been guided by the mission to help all living beings enjoy vibrant lives by maximizing their health potential. She embraces proactivity and harnesses the foundation of nutrition and a healthy lifestyle to prevent disease.

VETERINARY MEDICINE COMMENCEMENT VOCALIST AND ASSISTANT DIRECTOR OF BANDS

Cayla Domagala, Veterinary Medicine Commencement Vocalist

Cayla Domagala is from Mt. Prospect, Illinois and is the president of the Class of 2025. She tracked Equine during her fourth year. Cayla's future plans are to do a large animal rotating internship at Iowa State University for the 2025-2026 academic year.

Javan Shields, Assistant Director of Bands

Javan Shields serves as an Associate Teaching Professor, as well as the Assistant Director of Bands at Iowa State University. He conducts the Concert Band and Campus Band. He also assists the Athletic Band program including, the Iowa State University Cyclone Football 'Varsity' Marching Band, and Men's and Women's Basketball Bands. He serves as the instructor of State Storm, which is the athletic band for soccer and wrestling matches.

Mr. Shields earned a Bachelor of Music Education from Indiana Wesleyan University in Voice and Trumpet. As a performer and teacher, he has traveled to England, France, Italy, New Zealand, Belgium, and the Netherlands to teach music to students of all ages.

Mr. Shields has served as a band graduate teaching assistant at The University of Akron while pursuing a Master of Music degree in Wind Conducting. While

there, he had numerous opportunities to guest conduct the Symphonic, Concert, and University Bands, and he composed and taught drill for the marching band. He served as the director for the women's basketball bands and the assistant conductor for the men's basketball band. At Akron, he was a student of Galen S. Karriker and Andrew D. Feyes.

Before his graduate degree, Mr. Shields served as Assistant Director of Bands at Carrollton High School (OH) and was also the primary middle school choral director. He created a brass choir ensemble, which received superior ratings at the Ohio Music Education Association Solo and Ensemble Adjudicated Events, and his choirs also received superior ratings in adjudicated events.

Mr. Shields holds professional memberships in the National Band Association, College Band Directors National Association, National Association for Music Education, and the Ohio Music Education Association. He has received honorary memberships from Kappa Kappa Psi and Tau Beta Honorary Band Fraternity and Sorority.

HONORARY DEGREE RECIPIENT, DOCTOR OF SCIENCE

Larry Buss, Iowa Farmer; Retired Chief Hydrologic Engineer for the U.S. Army Corps of Engineers; and Honorary Degree Recipient

Larry Buss has the unique status of having pursued two highly successful—but distinctively different—careers simultaneously: farming and engineering. While he continues his farming operation, he has mostly retired from his engineering career, which culminated as Chief of Hydrologic Engineering for the U.S. Army Corps of Engineers in Omaha, NE. Larry is currently a licensed professional engineer, a certified flood plain manager, and a board-certified water resources engineer. He holds a bachelor's degree in agricultural engineering from Iowa State University and a master's degree in civil engineering from the University of Nebraska.

Driven by an unwavering determination to succeed, Larry has always set ambitious goals since his college years at Iowa State. He determined where he wanted to go with his dual careers in engineering and farming, made decisions quickly to support his goals, and worked tirelessly to achieve them.

After a stint with the U.S. Navy, working on nuclear submarines, Larry joined the U.S. Army Corps of Engineers, where he served as a water resources engineer for more than 40 years. Larry also began his farming career in 1972 with the purchase of 19 acres of land south of Missouri Valley, IA, that had five acres of alfalfa—no tractor or equipment, just a pickup truck, a vision, and a lot of ambition.

Larry has been persistent in expanding his farming operation, which today encompasses several thousand acres, grain elevators at two locations with more than 1.3 million bushels of grain storage, two companies (Mo Valley Grain Inc. and Buss Farms LLC), and a team of employees. His focus has always been on owning the land he farms and the facilities that support it.

Larry's innovative approach to farming has set him apart as a leader in Iowa agriculture. He was a pioneer in

adopting no-till farming practices in the highly erodible Loess Hills, significantly improving soil health and reducing erosion. Since 1985, he has continually practiced no-till farming on his home farm near Logan, IA. He has subsequently implemented this practice on all highly erodible land he farms, as well as on non-highly erodible land where it makes economic and agronomic sense. Additionally, he introduced cover crops to improve water quality and soil health and increase soil organic matter, and organized workshops to educate fellow farmers on these practices. A leader in pest management, Larry is also credited with implementing the Iowa Pest Resistance Management Program in Harrison County and across the state of Iowa.

Larry's engineering acumen has been instrumental in flood mitigation. In 2011, as chair of the Missouri River Flood Fight Coalition, he spearheaded efforts that prevented more than \$150 million in losses and safeguarded communities from flood damage. Since 2012, he has served as chair of the Rand Peterson Levee District Board of Trustees, responsible for operating and maintaining a levee that provides flood risk reduction from the Missouri River to parts of Harrison and Pottawattamie counties, U.S. Highway 30, the Union Pacific Railroad, Interstate Highway 29, three communities, and thousands of acres of farmland with rural residences. Because of his efforts and experience, that levee performed well during the Missouri River floods of 2019 and 2024. His expertise in floodplain management and flood risk reduction has earned him national and international recognition, and he continues to be a vital resource in this field.

Larry's dedication to agriculture and rural communities is reflected in his involvement with numerous organizations. He has held various leadership roles with the Iowa Corn Growers Association, the Iowa Corn Promotion Board, and the Iowa Master Farmers Association. His involvement with the U.S. Grains Council and the National Corn Growers Association has furthered the interests of Iowa's agricultural community on a national and global scale.

COMMENCEMENT SPEAKER

Roger Underwood, Lifelong Entrepreneur, Investor, and Philanthropist

Roger Underwood is a lifelong entrepreneur, investor, and philanthropist. A native of Atlantic, Iowa, Roger earned a Bachelor of Science degree in Agricultural

Business from Iowa State University in November of 1980.

After college, Roger and high school classmate Jeff Becker, co-founded Becker Underwood in Ames in 1982 to develop a specialty colorant to mark herbicide application, resulting in more efficient farming practices. Company sales in its first year were \$45,666.88. The

company grew steadily in its early years, developing new products and focusing on the customer. Organic growth and targeted acquisitions diversified the business into new strategic global ag markets. The company expanded to seed colorants, seed coatings, yield enhancing biological inoculants, and multiple biological crop protection products. The company developed colored mulch, which became popular all over the country. Becker Underwood joined with private equity in 2000 to accelerate growth. Becker Underwood grew to \$265 million in sales by 2012, from its ten offices spread between seven countries on five continents, with 420 employees. In 2012, Becker Underwood sold to BASF Chemical Company of Germany for \$1.02 billion.

Roger is currently an investor and Chair of Pivot Bio, a Berkley, California, ag bio-tech company and a board member of KENT® Corporation of Muscatine, Iowa. Roger is a founding limited partner in The Rural American Fund in Chicago. He is a past board member of The Waldinger Corp of Des Moines and Albaugh Chemical of Ankeny. He is a past chair of Ames Seed Capital and a founding investor of Dryland Genetics. Roger also has served on the boards of Rural American

Fund companies, Seeds 2000, and LaCrosse Seeds. Roger has served on numerous Ames area civic and community organizations.

Statewide, Roger quietly, and in many cases, anonymously works to make life better for all Iowans. Examples of this include his participation from 2011-2014 in the Capitol Corridor Steering Committee; an effort to Coordinate Iowa's Government, Educational and Financial resources for the purpose of attracting innovation related to Iowa's leadership in Global Agriculture. One outcome of this has been the establishment of America's Cultivation Corridor, and their work over the last ten years. Roger was inducted into the Iowa Business Hall of Fame in 2024.

Roger is a lifetime member of the ISU Foundation Board of Governors and chaired Campaign Iowa State, which raised \$867 million dollars. He has received honors including Iowa State University awards for Order of the Knoll Young Alumnus in 2000, College of Agriculture and Life Sciences Award in 2008; for outstanding contributions to Agriculture, and the Cardinal and Gold Award in 2011.

Roger enjoys raising money for Iowa State University, Boy Scouts, the Tau Kappa Epsilon fraternity, and other groups. He makes regular presentations to university classes about entrepreneurship and the importance of business owners caring for stakeholders, employees, customers, and the community when making business decisions. Roger has mentored uncountable entrepreneurs across Iowa over the years.

Roger and Connie have been married for 39 years and live in Ames, Iowa. Connie is a 1984 graduate of Iowa State in Political Science and International Studies. Her interests are Bible Study Fellowship, working with children in several Christian programs, and hiking. They have two sons, Andrew and girlfriend Dr. Nina Whitney and William and wife Chloe Underwood. All are Iowa Staters.

UNDERGRADUATE COMMENCEMENT VOCALIST AND DIRECTOR OF BANDS

Allie Pauly, Undergraduate Commencement Vocalist

Allie Pauly is a senior in vocal music education at Iowa State University, where she is actively involved in the university's musical community. A dedicated soprano with

a passion for opera and solo performance, Allie has been a member of the ISU Opera Studio and the Iowa State Singers since 2021. In addition to her performances, she is a member of Sigma Alpha Iota, a music fraternity on campus, fostering her commitment to music and sisterhood. Allie graduates this spring with a Bachelor of Music degree and aspires to share her love for music through teaching high school choir.

Michael Golemo, Director of Bands

Michael Golemo has been the Director of Bands at Iowa State University since 1999. From 2005 to 2017, he also served as the Chair for the Department of Music and Theatre. In addition to conducting the Wind Ensemble and the Symphonic Band, he teaches courses in conducting and oversees a program of eleven bands.

A native of Chicago, he received his Bachelor of Music Education and Master of Music degrees from Northwestern University. He completed his doctorate in wind conducting at Michigan State University. He previously served as Assistant Director of Bands at The University of Akron (OH) and prior to that as Director of Bands at Albion College (MI).

With over 400 instrumental arrangements, transcriptions and compositions to his credit, Dr. Golemo has had works performed by a variety of performers and ensembles – from Carnegie Hall to Russia. His music is published by Ludwig Music Publishers, Dorn

Publications, Santa Barbara Music Publishers, Alliance Music Publishing, Daehn Publications, C.L. Barnhouse Publishing, Great Works Publishing, and Timeworks LLC.

Dr. Golemo stays active nationally and internationally as a guest conductor, clinician, and adjudicator. He has conducted all-state bands in Iowa, Nebraska, Louisiana, Idaho, and New Mexico. He has contributed articles to a variety of journals and publications including *The Instrumentalist*, *The Journal of the Association of Concert Bands*, *The Podium*, *The Journal of the North American Saxophone Alliance*, and *Teaching Music Through Performance in Band*.

He has received several notable awards, including the Iowa State University Alumni Association's Superior Service to Alumni Award, the Iowa State College of Liberal Arts and Sciences' Outstanding Achievement in Departmental Leadership Award, Kappa Kappa Psi's Distinguished Service to Music Medal, which is that organization's highest honor, and Outstanding Music Educator of the Year by the National Federation of State High School Associations for a five-state region. In 2021, he was awarded the distinguished title of University Professor at Iowa State.

STUDENT MARSHALS

COLLEGE OF AGRICULTURE AND LIFE SCIENCES

Jennifer Louise Holliday

Hometown: Greenfield, Iowa

Majors: Agricultural Studies, Journalism and Mass Communication, and International Agriculture, Magna Cum Laude

Jennifer is graduating *magna cum laude* with majors in agricultural studies, journalism and mass communication, and international agriculture.

While at Iowa State University, Jennifer served as CALS Council treasurer and placed first nationally in team and individual contests through the Professional Agriculture Students organization. She also served as president of the Student Government, engaging with campus leaders and implementing new initiatives.

After graduation, Jennifer will pursue a master's degree through the ISARA program, which requires one year of study in Cremona, Italy, and one year in Lyon, France.

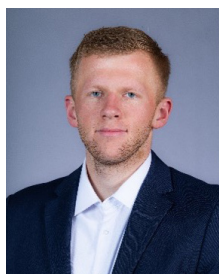

University Escort: Nate Dobbels, Academic Advisor, Department of Agricultural Education and Studies

DEBBIE AND JERRY IVY COLLEGE OF BUSINESS

Aaron J. Randak

Hometown: Cresco, Iowa

Majors: Finance and Financial Counseling and Planning, Magna Cum Laude

Aaron is graduating *magna cum laude* with majors in finance and financial counseling and planning.

As an Ivy student, Aaron served as president of the Finance Club and vice president of the Consulting Club. He also participated in six international case competitions, working as part of a team to develop solutions to real-world business problems. Aaron was inducted into Cardinal Key, Iowa State's highest honor society, and Beta Gamma Sigma, the business honor society.

While at Iowa State, Aaron completed internships at CUSB Bank in Cresco, Iowa; Mariner Wealth Advisors in Austin, Texas, as a financial planning intern; and Charles Schwab in Phoenix, Arizona, where he participated in a rotational program covering all aspects of wealth management.

Aaron has passed the Certified Financial Planner (CFP) exam and will join Touchstone Wealth in Scottsdale, Arizona, as a financial advisor.

University Escort: Curt Hoff, Professor of Practice, Department of Finance

WHO IS CY?

Samuel Joseph Bowen

Hometown: Le Mars, Iowa

Major: Culinary Food Science

Minor: Spanish

Cy, the university's mascot for more than 50 years, appears at hundreds of events, building enthusiasm for Cyclones everywhere, whether they include sporting events, the Iowa State Fair, or even wedding receptions. Cy was created in 1954 after a manufacturer of college souvenirs had difficulty producing a stuffed mascot costume that looked like a powerful type of wind. The school's pep club held a contest to determine what the mascot should be. The winning concept was Cy, referencing the name of the team, and a cardinal

bird to represent one of the school's official colors of cardinal and gold.

Students are chosen to be part of the Mascot Squad after grueling tryouts, but their actual names are secret for the duration of their Mascot Squad involvement. Starting with the Spring 2024 Commencement Ceremonies, the university started a new tradition: If one of the Mascot Squad members is graduating, he or she is encouraged to wear the mascot's feet as part of their academic regalia, announcing publicly the actual name of the student. Watch for those feet that are so famously Cy's during this ceremony.

Samuel started the Mascot Squad his sophomore year following two seasons in the marching band. He wanted to be Cy because he is spirit-filled and wanted to bring unity while having the time of his life. For him, being the face of Iowa State is so much more than having passion. It is living it! This year was a great year for Cyclone Nation in music, athletics, and academics, and he is blessed to be a part of it. Some of his memorable events were storming the court against Kansas in 2024, Women's March Madness in 2024, and being 7-0 on Cy's 70th birthday after a huge comeback to UCF under the lights. It was a joy and pleasure to represent and serve the school he loves. Samuel wants to thank Cyclone Nation for their never-ending support and love. Without them, Cy's platform does not exist!

COMMENCEMENT SPEAKER

Thomas Bluth, Caterpillar Senior Vice President & Chief Technology Officer (Retired)

Thomas Bluth is a retired global business executive with extensive profit and loss leadership experience that includes serving as a Caterpillar Senior Vice President and Corporate Officer for 13 years. Tom's scope of experience includes managing Caterpillar businesses (Earthmoving and Mining) ranging from \$5 billion to \$20 billion in revenue, overseeing manufacturing across Europe and Asia, and serving as Caterpillar's corporate Chief Technology Officer.

Tom graduated with honors

from Iowa State University with a Bachelor of Science degree in Electrical Engineering. He received a Juris Doctor degree from Northwestern University, where he graduated *cum laude*. Tom earned his Master of Business Administration degree with honors from the University of Chicago.

During his time at Iowa State, Tom served as Senior Class President and was a recipient of the Wallace E. Barron All University Senior Award. Although, upon reflection, Tom's most challenging role was being a three-term social chair for the TKE fraternity.

Tom currently serves as a Board Member and advisor for various companies, teaches as an Adjunct Professor at Northwestern University and stays actively involved with Iowa State serving on the ISU Research Foundation Board.

UNDERGRADUATE COMMENCEMENT VOCALIST AND DIRECTOR OF BANDS

Allie Pauly, Undergraduate Commencement Vocalist

Allie Pauly is a senior in vocal music education at Iowa State University, where she is actively involved in the university's musical community. A dedicated soprano with

a passion for opera and solo performance, Allie has been a member of the ISU Opera Studio and the Iowa State Singers since 2021. In addition to her performances, she is a member of Sigma Alpha Iota, a music fraternity on campus, fostering her commitment to music and sisterhood. Allie graduates this spring with a Bachelor of Music degree and aspires to share her love for music through teaching high school choir.

Michael Golemo, Director of Bands

Michael Golemo has been the Director of Bands at Iowa State University since 1999. From 2005 to 2017, he also served as the Chair for the Department of Music and Theatre. In addition to conducting the Wind Ensemble and the Symphonic Band, he teaches courses in conducting and oversees a program of eleven bands.

A native of Chicago, he received his Bachelor of Music Education and Master of Music degrees from Northwestern University. He completed his doctorate in wind conducting at Michigan State University. He previously served as Assistant Director of Bands at The University of Akron (OH) and prior to that as Director of Bands at Albion College (MI).

With over 400 instrumental arrangements, transcriptions and compositions to his credit, Dr. Golemo has had works performed by a variety of performers and ensembles – from Carnegie Hall to Russia. His music is published by Ludwig Music Publishers, Dorn

Publications, Santa Barbara Music Publishers, Alliance Music Publishing, Daehn Publications, C.L. Barnhouse Publishing, Great Works Publishing, and Timeworks LLC.

Dr. Golemo stays active nationally and internationally as a guest conductor, clinician, and adjudicator. He has conducted all-state bands in Iowa, Nebraska, Louisiana, Idaho, and New Mexico. He has contributed articles to a variety of journals and publications including *The Instrumentalist*, *The Journal of the Association of Concert Bands*, *The Podium*, *The Journal of the North American Saxophone Alliance*, and *Teaching Music Through Performance in Band*.

He has received several notable awards, including the Iowa State University Alumni Association's Superior Service to Alumni Award, the Iowa State College of Liberal Arts and Sciences' Outstanding Achievement in Departmental Leadership Award, Kappa Kappa Psi's Distinguished Service to Music Medal, which is that organization's highest honor, and Outstanding Music Educator of the Year by the National Federation of State High School Associations for a five-state region. In 2021, he was awarded the distinguished title of University Professor at Iowa State.

STUDENT MARSHALS

COLLEGE OF DESIGN

Cali Ann McKibbin

Hometown: Annawan, Illinois

Major: Industrial Design, Summa Cum Laude

Minor: Entrepreneurial Studies

Cali is graduating *summa cum laude* with a major in industrial design and a minor in entrepreneurial studies.

A recipient of the Expedition Award and the Journey Award from Iowa State, Cali served as a student ambassador and soft goods lab monitor for the industrial design department. She was also a member of the student chapter of the Industrial Designers Society of America and the ISU Swim Club.

While at Iowa State, Cali worked as a student contractor for Vermeer Corporation. She also studied abroad at the Royal Melbourne Institute of Technology in Australia. After graduation, Cali will remain in Iowa to work as a full-time designer, seeking to improve people's daily lives

through product innovation.

University Escort: Grit Sadlter, Associate Teaching Professor, Department of Industrial Design

COLLEGE OF ENGINEERING

Caitlin Agabin

Hometown: Algonquin, Illinois

Major: Environmental Engineering, Cum Laude

Caitlin is graduating *cum laude* with a major in environmental engineering.

While at Iowa State University, Caitlin served as a peer mentor for the Environmental Engineering Learning Community for two years and was active in engineering student organizations. Additionally, she conducted undergraduate research in three different labs on campus, advancing wastewater treatment and water resource management.

Caitlin also completed a study abroad in Scotland, as well as internships at HNI Corporation in Muscatine, Iowa, and Strand Associates in Ames, Iowa.

After graduating, Caitlin has accepted a position as an environmental engineer at Brown and Caldwell in St. Paul, Minnesota.

University Escort: Kaoru Ikuma, Associate Professor, Department of Civil Construction and Environmental Engineering

HONORARY DEGREE RECIPIENT, DOCTOR OF HUMANE LETTERS

John “J.R.” Robinson, GRAMMY® Award-winning Musician

From a small Iowa town to the pinnacle of global music, GRAMMY® winner John “J.R.” Robinson has etched his name in the annals of musical history as a drummer

extraordinaire. His six-decade journey represents more than just a career—it’s a testament to passion, perseverance, and unparalleled musical genius.

Robinson’s drumming prowess has defined generations of music, with his iconic contributions spanning pop, R&B, and jazz. His legendary drum fill in Michael Jackson’s “Rock With You”

which is and will always be an essential piece of pop music lore and the unforgettable intro to Steve Winwood’s No. 1 hit, “Higher Love,” are not just musical moments, but cultural touchstones that have shaped the soundtrack of multiple generations.

The numbers behind Robinson’s career are staggering. With over 6,000 recording sessions, 500 movie and television soundtracks, and contributions to 30 No. 1 hit records, he has become the most recorded drummer in music history. His incredible journey includes playing on over 200 US Billboard Hot 100 songs and participating in albums that have sold more than half a billion units. Notably, he has been instrumental in over 50 GRAMMY® winning records, earning him a permanent place in Rolling Stone’s “Top 100 Drummers of All Time.”

Robinson’s collaborative roster reads like a who’s who of musical royalty. He has worked alongside legends

including Quincy Jones, Ray Charles, Michael Jackson, Rufus and Chaka Khan, Lady Gaga, Peter Frampton, George Benson, Stevie Wonder, Elton John, George Duke, Stanley Clarke, Daft Punk, Madonna, Lionel Richie, The Pointer Sisters, Stevie Nicks, Diana Ross, Whitney Houston, David Foster, Steve Winwood, John Fogerty, David Lee Roth, Herbie Hancock, Toby Keith, Clint Black, Eric Clapton, Brothers Johnson, Marvin Hamlisch, and Barbra Streisand, plus a dictionary-sized list of other legendary musicians and music leaders. His ability to adapt and bring unique groove to every project has made him a sought-after musician across diverse genres.

Beyond his musical achievements, Robinson has expanded his impact through literary pursuits. His book, “KING of the GROOVE – How One Dream Transformed into 60 Years of Making Legendary Music,” offers an intimate look into the music industry’s inner workings. With a foreword by Quincy Jones and contributions from over 60 A-list musicians, the book is a powerful narrative of perseverance and artistic vision.

As CEO of 4th Quarter Press Publishing, Robinson continues to empower accomplished individuals, helping them transform their life experiences into compelling narratives. This endeavor reflects his commitment to storytelling and inspiring others to pursue their dreams.

Robinson’s journey embodies the essence of musical excellence—a story of talent, hard work, and an unwavering belief in one’s potential. From a five-year-old with a dream to a globally recognized musical icon, his life is a powerful reminder that true passion knows no boundaries.

COMMENCEMENT SPEAKER

Thomas Smith, President, Chief Executive Officer, and Founder of Geophysical Insights

Thomas Smith is a distinguished alumnus of Iowa State University, with a career dedicated to contributions to the academic and geoscience communities. He met the

love of his life, Evonne, during their senior year at ISU in 1967. They celebrated their 55th Anniversary and couldn't be happier. After earning Bachelor of Science and Master of Science degrees in Geology from ISU, he joined Chevron

Geophysical (1971) as a processing geophysicist. He left Chevron to complete his Doctor of Philosophy in Geophysics at the University of Houston (1981), where his research focused on 3D modeling, wavefield migration, and subsurface imaging.

Dr. Smith's passion for innovation in geoscience began early in his career. He and Evonne founded Seismic Micro-Technology (1984), which was then yet another mom and pop company, but which had a tall vision to develop and produce one of the first PC-based software platforms for integrated geoscience interpretation. It became the world's leading PC geoscience application. Quietly, it was given away to over 200 universities. Company staff grew to 150 in 4 international offices when it was sold to two venture capital firms (2007). More recently, Tom founded Geophysical Insights, where he leads a multidisciplinary team of geoscientists and computer scientists in advanced machine learning and deep artificial learning (AI) in

geological subsurface analysis. They are conducting fundamental research, bringing new practical technologies forward on an AI platform to a new set of clients around the world. Tom's current research focuses on unsupervised learning methods for geobody characterization. He is deeply engaged in developing advanced continuing education courses for geoscientists, with an emphasis on practical workflows for AI-based subsurface imaging.

Tom and Evonne received Iowa State University's highest recognition, the Distinguished Alumni Award (2015). Throughout his career, Tom has received numerous accolades for his contributions to geophysics and innovation. He received the Distinguished Alumnus Lecturer Award (1996) and Citation of Merit for National and International Recognition (2002). He and Evonne are ISU Foundation Governors and proudly served on the Campaign Committee for Forever True, For Iowa State (2016-2024). The University of Houston awarded him the Distinguished Alumni Award (2017). Numerous professional recognitions include the Entrepreneur Award (2000) by the Society of Exploration Geophysicists (SEG) and Honorary Membership from the Geophysical Society of Houston (2010). He was Chairman of the SEG Foundation (2010-2013), SEG President-Elect's Strategy and Planning Committee, and several SEG Future Strategy committees.

Residing in Austin, Texas, Tom and Evonne enjoy spending time with family. Tom's deep commitment to both family and science continues to inspire those around him.

UNDERGRADUATE COMMENCEMENT VOCALIST AND DIRECTOR OF BANDS

Allie Pauly, Undergraduate Commencement Vocalist

Allie Pauly is a senior in vocal music education at Iowa State University, where she is actively involved in the university's musical community. A dedicated soprano with

a passion for opera and solo performance, Allie has been a member of the ISU Opera Studio and the Iowa State Singers since 2021. In addition to her performances, she is a member of Sigma Alpha Iota, a music fraternity on campus, fostering her commitment to music and sisterhood. Allie graduates this spring with a Bachelor of Music degree and aspires to share her love for music through teaching high school choir.

Michael Golemo, Director of Bands

Michael Golemo has been the Director of Bands at Iowa State University since 1999. From 2005 to 2017, he also served as the Chair for the Department of Music and Theatre. In addition to conducting the Wind Ensemble and the Symphonic Band, he teaches courses in conducting and oversees a program of eleven bands.

A native of Chicago, he received his Bachelor of Music Education and Master of Music degrees from Northwestern University. He completed his doctorate in wind conducting at Michigan State University. He previously served as Assistant Director of Bands at The University of Akron (OH) and prior to that as Director of Bands at Albion College (MI).

With over 400 instrumental arrangements, transcriptions and compositions to his credit, Dr. Golemo has had works performed by a variety of performers and ensembles – from Carnegie Hall to Russia. His music is published by Ludwig Music Publishers, Dorn

Publications, Santa Barbara Music Publishers, Alliance Music Publishing, Daehn Publications, C.L. Barnhouse Publishing, Great Works Publishing, and Timeworks LLC.

Dr. Golemo stays active nationally and internationally as a guest conductor, clinician, and adjudicator. He has conducted all-state bands in Iowa, Nebraska, Louisiana, Idaho, and New Mexico. He has contributed articles to a variety of journals and publications including *The Instrumentalist*, *The Journal of the Association of Concert Bands*, *The Podium*, *The Journal of the North American Saxophone Alliance*, and *Teaching Music Through Performance in Band*.

He has received several notable awards, including the Iowa State University Alumni Association's Superior Service to Alumni Award, the Iowa State College of Liberal Arts and Sciences' Outstanding Achievement in Departmental Leadership Award, Kappa Kappa Psi's Distinguished Service to Music Medal, which is that organization's highest honor, and Outstanding Music Educator of the Year by the National Federation of State High School Associations for a five-state region. In 2021, he was awarded the distinguished title of University Professor at Iowa State.

University Escort: Amy Smith, Liberal Arts and Sciences Dean's Professor and Professor in Political Science, Department of Political Science

WHO IS CY?

Katie J. Sanow

Hometown: Gilbert, Iowa

Majors: Chemistry and Food Science, Magna Cum Laude

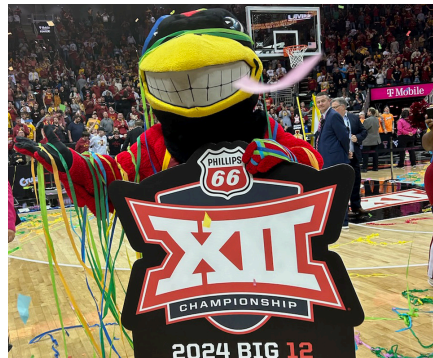

Minor: Mathematics

Cy, the university's mascot for more than 50 years, appears at hundreds of events, building enthusiasm for Cyclones everywhere, whether they include sporting events, the Iowa State Fair, or even wedding receptions. Cy was created in 1954 after a manufacturer of college souvenirs had difficulty producing a stuffed mascot costume that looked like a powerful type of wind. The school's pep club held a contest to determine what the mascot should be. The winning concept was Cy, referencing the name of the team, and a cardinal

bird to represent one of the school's official colors of cardinal and gold.

Students are chosen to be part of the Mascot Squad after grueling tryouts, but their actual names are secret for the duration of their Mascot Squad involvement. Starting with the Spring 2024 Commencement Ceremonies, the university started a new tradition: If one of the Mascot Squad members is graduating, he or she is encouraged to wear the mascot's feet as part of their academic regalia, announcing publicly the actual name of the student. Watch for those feet that are so famously Cy's during this ceremony.

Katie grew up in Ames and was raised a Cyclone. Her goal was always to attend Iowa State, but she grew up a shy, quiet kid, so being Cy wasn't something she'd ever considered. That is, until her dad saw a Facebook ad for the Cy tryouts, and Katie decided she had better give it a go. It was a successful gamble, as Katie continued to spend her entire college career at ISU behind the mask, spreading joy to the Cyclone nation. She's quoted it as "the best thing she's ever done," and she wouldn't trade it for the world. She has done nearly 500 events including athletic events, weddings, parades, and much more. Her best moment was probably making snow angels out of confetti and celebrating the Men's Basketball team as they won the Big 12 Tournament in 2024. She will forever be grateful for this opportunity she's had, and the people who allowed it to happen.

SENIOR CLASS COUNCIL

The mission of the Senior Class Council (SCC), a committee of the Student Alumni Leadership Council (SALC), is to benefit and unite seniors through events and services while promoting an understanding of the Iowa State University Alumni Association. The 2024-2025 Senior Class Council is comprised of students who are dedicated to recognizing seniors for their many achievements.

The Senior Class Council plans a number of programs for seniors including both Fall and Spring Senior Weeks where students enjoy food on campus; the Senior Package,

a gift set that included commemorative Iowa State items; and the Senior Send-off, a year-end event for seniors at the ISU Alumni Center to celebrate seniors' transitions to being alumni! The events that SCC plans and co-sponsors are intended to be both beneficial and enjoyable for seniors.

IOWA STATE UNIVERSITY ALUMNI ASSOCIATION

Iowa State University alumni are more than 290,000 strong. And we are everywhere ... in all 50 states and 170 countries – a family united by the Cardinal and Gold. No matter if your adventure takes you far from the heartland or if you put roots down right here in Iowa, if you're a Cyclone, you're never really far from home.

Keeping graduates connected to Iowa State and each other is the No. 1 goal of the ISU Alumni Association. Through reunions, events, social media, and other communications, the Alumni Association is connecting Cyclone graduates all over the globe back to their cardinal and gold roots!

Here are six ways to continue your Iowa State adventure through the Alumni Association:

1. Connect with Cyclones everywhere through our local affiliate groups in more than 30 locations.
2. The ISU Alumni Center is your forever home. Stop by the Center (429 Alumni Ln.) on your way to central campus!
3. Take advantage of the Association's career services like resume reviews and webinars.
4. Stay connected with Cyclones everywhere through the online alumni directory – and don't forget to update your own information when you move or change jobs.

5. Become a New Grad Member of the ISU Alumni Association and receive discounts, invites to events, and more, use the QR Code:

6. Follow @isualum on Instagram, or connect with us on Facebook, LinkedIn and more!

The image shows a musical score for the song 'The Bells of Iowa State'. It consists of four staves of music in G major (one sharp) and 4/4 time. The lyrics are written below the notes. The first staff ends with a double bar line, and the second staff begins with a repeat sign. The third and fourth staves also end with double bar lines.

THE HISTORY OF "THE BELLS OF IOWA STATE"

Iowa State University Library
Special Collections Department

James C. Wilson (1900-1995) was a member of Iowa State's English faculty from 1928 to 1931. He had to resign due to his lack of a Ph.D., and prior to his departure, he submitted a college song candidate for a song contest sponsored by the Iowa State Club of Chicago.

Jim and his wife, Alice, moved to Chicago where as he notes, "We (in addition to their two babies) had \$212 in cash from my last paycheck, our five-year-old Chevrolet, and the tent." He won first place with "The Bells of Iowa State," and the family was able to purchase a small cottage on Lake Michigan.

"When I wrote 'The Bells of Iowa State,' I thought then that it had much more depth and emotion than your basic football fight song," Wilson said. "Its continuing popularity leaves me very pleased, not so much because it's my own song, but because it has had such a good effect on those who have been touched by it." (The Iowa Stater, June 1983)
