

SPRING COMMENCEMENT

THURSDAY, MAY 3, 2018

SATURDAY, MAY 5, 2018

IOWA STATE UNIVERSITY

Dear Iowa State University Graduates and Guests:

Congratulations to all of the Spring 2018 graduates of Iowa State University!

Welcome to Iowa State University's Spring 2018 Commencement. Congratulations to all of the graduates, and thank you to everyone who played a role in their successful journey through Iowa State.

Commencement is an opportunity to reflect on what you have learned and to celebrate your achievements. Every single graduate has been a valued and important member of the Iowa State community. We are a better university because of the diverse, positive contributions you have made during your time here. We thank you for the many ways you have enhanced our campus – both inside and outside the classroom, and we wish you the very best as you begin your next chapter.

Iowa State is now in its 160th year as the state's only land-grant university. We are proud to be one of the most student-centered public research institutions in the country. Through our distinct mission of education, research, and extension, Iowa State is preparing students for fulfilling careers and lives, and for meeting the needs of society. Iowa State graduates will become the professionals, entrepreneurs, and leaders of our state, nation, and world; and their future accomplishments will reflect the exceptional quality of this university. As you graduate today, we thank you for being a part of this wonderful tradition and for supporting Iowa State's legacy of excellence.

I hope you enjoy today's commencement ceremony, and that you will continue to be connected with Iowa State University. We wish you great success and happiness.

Sincerely,

A handwritten signature in black ink that reads "Wendy Wintersteen". The signature is written in a cursive, flowing style.

*Wendy Wintersteen
President of the University*

IOWA STATE UNIVERSITY POINTS OF PRIDE

Profile Information:

- » Iowa State became the nation's first land-grant institution when the Iowa Legislature accepted the provisions of the 1862 Morrill Act.
- » Iowa State is a member of the Association of American Universities (AAU), which consists of 62 leading research-intensive universities in North America.
- » Iowa State has eight colleges, including the Graduate College, that offers over 100 bachelor's degree programs, 112 master's degree programs, and 83 Ph.D. level programs, plus a professional degree program in Veterinary Medicine.
- » The Iowa State Research Park is a hub for transferring faculty research and innovation to economic opportunities: eighty-nine companies employ 2,050 people and 300 student interns.
- » Iowa State experienced a 35 percent enrollment growth between 2008 and 2017. We are proud to educate students from all 99 Iowa counties, all 50 states, and 127 countries.
- » Iowa State's athletic teams compete in Division I of the NCAA and are a founding member of the Big 12 athletic conference.
- » More than 254,000 Iowa State alumni live in all 50 states and 149 countries.
- »

Excellence in Research at ISU:

- » A legacy of innovation and discovery:
 - The world's first electronic, digital computer
 - The world's first moving tornado simulator
 - The world's highest resolution, immersive virtual reality lab
 - Cyence, a supercomputer that blazes through more than 183 trillion calculations per second
 - The nation's first research and demonstration farm for biomass production and processing
 - Only university in the nation to house a U.S. Department of Energy research laboratory
- » External funding topped half billion dollars last year
- » Iowa State researchers attract nearly a quarter million dollars from federal, nonprofit, and industry sponsors, who look to Iowa State for innovative and ground-breaking discoveries that solve real problems for Iowa and the world.
 - Researchers are engineering nanovaccine therapies that will be more effective, safer, and cheaper, and that do not require refrigeration, so they can help control disease in areas without reliable electricity.

- Researchers are adding value to agriculture by creating new biorenewable chemicals from agricultural bioproducts.
- Researchers are leveraging data from our Veterinary Diagnostic Lab to understand what strains of flu are emerging in real time for swine.
- Researchers are helping to improve our justice system by quantifying the reliability of matches for shoe prints and bullets.
- Researchers are discovering new materials that make airplanes lighter and more reliable.
- » Iowa State's Veterinary Diagnostic Laboratory is internationally recognized and plays a direct role in protecting animal and human health, the safety and security of our food supply, and advancing Iowa's \$32 billion animal agriculture economy. It is the nation's largest and busiest full-service diagnostic lab for food animals. The lab processed 86,000 cases last year, conducting more than 1.25 million diagnostic tests.

Excellence in Education at ISU:

- » COLLEGE OF AGRICULTURE AND LIFE SCIENCES: The college boasts a record-high 99.2 percent placement rate for graduates within six months of graduation. Placement rates have been 97 percent or higher for more than 20 years, and the college's Career Day is the largest annual student job fair of its kind in the nation.
- » DEBBIE AND JERRY IVY COLLEGE OF BUSINESS: A \$50 million gift from Debbie and Jerry Ivy ('53 industrial administration) named us the Debbie and Jerry Ivy College of Business in October 2017. This is the largest gift in the college's history. At the time, only 14 other business schools in the country had received a larger gift.
- » COLLEGE OF DESIGN: Everything you see,

every minute of every day, is likely the product of disciplines that live, work, and play together “under one roof” in the College of Design. In this environment, students learn to collaborate to solve very complex problems, merging the poetic and the pragmatic of our lives.

- » COLLEGE OF ENGINEERING: The college delivers a high-quality experiential-based education to a record number of students. The college has the largest undergraduate and graduate enrollment on campus, and it ranks 7th largest for undergraduate engineering enrollment in the country.
- » COLLEGE OF HUMAN SCIENCES: The college is developing fireproof clothing for emergency responders, preparing PK-20 educators who teach in every Iowa county, reducing substance abuse, improving food safety, delivering the world’s largest dietetics internship program, and advancing diet and exercise science.
- » COLLEGE OF LIBERAL ARTS AND SCIENCES: The college introduced a data science minor and certificate this year, which enhances any degree at Iowa State. Current students and graduates can obtain the skills to visualize, interpret, and communicate data – skills which are among the highest in demand by employers in nearly every industry.
- » GRADUATE COLLEGE: The Graduate College prioritizes the development of the communication skills of students pursuing master’s and doctoral degrees. The college’s Center for Communication Excellence provides a wide range of innovative, evidence-based services to enhance essential writing and speaking skills.
- » COLLEGE OF VETERINARY MEDICINE: The college is the nation’s first public veterinary school, is one of only 30 in the U.S., and is the 2nd largest. The college focuses on animal and human health, food safety, and animal welfare to the benefit of animal agriculture, economic development, and the health and well-being of humans and their animals.

Excellence in Extension and Outreach at ISU:

- » Annually, more than 1 million people directly benefit from Iowa State University Extension and Outreach programs focused on feeding

people, keeping them healthy, helping their communities prosper and thrive, and turning the world over to the next generation better than we found it.

- » ISU Extension and Outreach offers front-door access in all 99 counties connecting the needs of Iowans with Iowa State University research and resources.

ISU Alumni Association:

- » The ISU Alumni Association was founded by the first graduating class (1872) of Iowa State College.
- » The ISU Alumni Association is the second-largest membership alumni organization in the Big 12 Conference.

Interesting ISU Facts:

- » Notable Alumni:
 - Clayton Anderson, Astronaut
 - George Washington Carver, American botanist and inventor
 - Carrie Chapman Catt, Women’s suffrage leader
 - Tom Harkin, United States Senator
 - Fred Hoiberg, Professional basketball coach and former player
 - Cael Sanderson, Olympic gold medalist wrestler
 - Henry Wallace, 33rd Vice President of the United States
- » Iowa State has the largest public art collection of any college or university in nation.
- » Included in Kiplinger’s Personal Finance’s “2018 Best College Value in the United States.”
- » Included in Forbes magazine’s “2017 Top Colleges.”
- » Best College in Every State (Money magazine, 2017)
- » Top 10 military friendly research universities (G.I. Jobs magazine, 2017)
- » Ranked as the 5th “Most Beautiful Campus in the World” (Buzzfeed, 2015)

THE OFFICIAL UNIVERSITY MACE

The Iowa State University mace symbolizes the authority of the university president. The Chief Faculty Marshal carries it at the head of the academic procession and, by placing it on its stand, signals the beginning of the commencement ceremony.

In medieval times, the mace was a studded, clublike weapon, made of iron. It was capable of breaking armor, and was associated with the protection of kings in France and England.

In the 13th century, it was used for civil purposes and processions. Eventually it became a symbol for academic institutions, an emblem of order and authority in the pageantry.

Created in bronze, silver, and tiger maple, the Iowa State University mace incorporates important campus icons such as the Campanile, located on central campus, and the Fountain of Four Seasons, located on the north side of the Memorial Union and features likenesses of four Native American women. The sculptures were created in 1941 by Christian Petersen, sculptor-in-residence from 1934-1955.

The mace's bronze headpiece is an interpretation of the Campanile. It includes a silver presidential seal and reflects in a disc representative of the Fountain of the Four Seasons. The words "Iowa State University – Science With Practice" are inscribed

on the edge of the disc. Under the disc is a shortened version or reflection of the Campanile headpiece.

The tiger maple staff bears 14 bronze plaques inscribed with the names of all previous Iowa State presidents, their years of service, and a laurel leaf symbolizing the attainment of graduation.

At the staff's base is an unfolding bronze leaf symbolizing the beginning of a new era for graduating students. The overall height of the university mace is 60 inches, and it weighs 14 pounds.

Sculptor Jeanne L. Stevens-Sollman of Bellefonte, Pennsylvania, designed and crafted the mace.

Private funds from the ISU Alumni Association's Circle of Former Presidents, Chairs, and Executive Directors, the Stanton Carillon Foundation, and the University Museums made the design and purchase of the Iowa State University mace possible.

THE PRESIDENTIAL CHAIN OF OFFICE

The presidential chain of office symbolizes the rich history and traditions of Iowa State University, and it is worn by the president at all commencement ceremonies.

It was first worn by President Gregory Geoffroy during the Spring 2008 commencement ceremonies to mark the end of Iowa State University's year-long sesquicentennial celebration.

Created by sculptor Jeanne L. Stevens-Sollman – the same artist who created Iowa State's mace – the presidential chain of office complements the mace. The two pieces were commissioned by University Museums and the ISU Alumni Association and are part of University Museums' Art on Campus collection.

The front of the presidential

chain of office features an image of the Campanile, and Beardshear Hall's east portico – the campus home of the president – is on the back. The shoulder epaulets are the columns of Beardshear and contain the words Leadership and Service. The Campanile links in the presidential chain of office contain the words Engagement, Learning, Discovery, and Access. The reverse sides of the bronze sections have low bas-reliefs of corn. Most pieces in the necklace are bronze. The seal in the center of the Campanile and the links in the necklace are sterling silver.

Both the presidential chain of office and the mace are housed in the ISU Alumni Center and are used at each commencement ceremony.

ACADEMIC REGALIA

In May 2008, Iowa State University debuted custom-designed doctorate regalia. The special commencement doctorate gowns were created with emblems and colors to reflect Iowa State's tradition and to complement Iowa State's hood. The fabric is cardinal red gabardine with black velvet panels and chevrons edged with gold cording. The Campanile, a beloved symbol and university tradition, adorns the two front velvet panels. An eight-sided black velvet tam with a gold silk tassel completes the official regalia.

Academic gowns have been part of the university experience since the twelfth century and the advent of the first European universities. Because these early schools were connected to great cathedrals, the black gown of the schoolmasters, or scholastics, emulated the somber dignity of the clergy and signified a life devoted to learning. In addition, the ample materials of the gown served to keep the scholars warm in the drafty environment of the medieval university.

A confusing array of caps, gowns, and hoods emerged from the centuries in Great Britain and from early years of higher education in the United States. American institutions recognized the need for a standard code and the great majority of academic costumes now worn in the United States are in accordance with the general provisions of the Intercollegiate Code of 1895. This code was slightly revised in 1932 and again in 1959. Under this code, the bachelor's gown has pointed sleeves; the master's

gown has oblong sleeves with an arc at the bottom; and the doctor's gown has bell-shaped sleeves.

The code dictates that bachelor's and master's gowns are untrimmed. However, the doctor's gown is faced down the front with velvet and has three bars of velvet across the sleeves.

The square shape of the scholar's cap or mortarboard is thought to denote the stability of scholars and their books. Candidates for advanced degrees wear black tassels. The following is a list of tassel colors for baccalaureate degree candidates:

Agriculture and Life Sciences – *Maize*

Business – *Nugget*

Design – *Brown*

Engineering – *Orange*

Human Sciences – *Maroon*

Liberal Arts and Sciences

Bachelor of Arts – *White*

Bachelor of Liberal Studies – *White*

Bachelor of Music – *Pink*

Bachelor of Science – *Golden Yellow*

Veterinary Medicine – *Gray*

The hood gives color to the academic costume while its length indicates the wearer's academic degree. At Iowa State, hoods are worn by master's and doctorate degree recipients. Hoods were added to the official academic attire of master's degree recipients in May 2018. In general, hoods are made of a wide panel of black cloth, matching the gown and are lined with satin in the official academic colors of the institution awarding the degree.

Iowa State University's colors are cardinal and gold, therefore the top half of the lining is gold and the lower part is cardinal. The colors used in the edging of hoods and tassels are associated with the discipline.

HOODING CEREMONY, DOCTOR OF PHILOSOPHY

The Doctor of Philosophy is the university's highest academic degree, awarded only to those who have successfully completed an intensive and demanding course of study whose primary focus is on learning to conduct original research.

The final stage of the program is the preparation and defense of a dissertation that describes the outcome of a major research project. To prepare for that project, the student must have gained expertise and skills in a particular discipline and must have thoroughly explored its existing knowledge base. Those who receive doctorates have demonstrated that

they are truly experts in their fields whose research has contributed significantly to human knowledge.

The hooding ceremony symbolizes their admission to the exclusive ranks of those who have earned the respect associated with the title "Doctor of Philosophy." During the hooding ceremony, the degree recipients are escorted and hooded by their major professors who have worked with them throughout their study for the doctoral degree. The hoods will connect the graduate with a family of scholars throughout history and from all parts of the world.

SPECIAL RECOGNITION, ADVANCED DEGREES

Candidates for graduation for the Master's or Ph.D. may be recognized with the Teaching Excellence Award or the Research Excellence Award.

The Teaching Excellence Award recognizes those who provided outstanding contributions in teaching undergraduate students while working toward a graduate degree.

The Research Excellence Award recognizes those with outstanding research accomplishments in a graduate program.

Honorees for both awards wear cardinal and gold honor cords and are noted in this program as follows:

- § Research Excellence Award
- †† Teaching Excellence Award

SPECIAL RECOGNITION, UNDERGRADUATE DEGREES

Candidates for undergraduate degrees may be recognized for graduating "With Distinction" and/or graduating in the Honors Program. Levels of special academic achievement are indicated in the commencement program by Latin phrases, also known as Latin honors. This system is recognized internationally; however, the requirements vary among institutions. In the United States, Latin honors are most often awarded to those earning undergraduate degrees. Each academic institution sets its own standards and requirements for each honor.

At Iowa State University, candidates for graduation with distinction must have completed 60 semester credits of coursework at ISU at the time they graduate, including a minimum of 50 graded credits. Those graduating summa cum laude (with highest distinction) have earned a grade point average of 3.90 or higher; magna cum laude (with great distinction) have a grade point average of 3.70 to 3.89; or cum laude (with distinction) have a grade point average 3.50 to 3.69. Grade point averages are based on a 4.00 scale. In addition to the notation

in the commencement program, this recognition appears on the official transcript and diploma.

The University Honors Program is an individually planned program of study designed to provide greater depth and breadth of scholarship than the regular curriculum. Those graduating from the University Honors Program have designed and completed an individualized program of study, including an independent Honors Research Project, while earning a required minimum grade point average or better.

Students graduating with special recognition will wear a cord and/or medallion and will be noted in this program as follows:

- *** Summa Cum Laude - with highest distinction (cardinal and gold cord)
- ** Magna Cum Laude - with great distinction (gold cord)
- * Cum Laude - with distinction (cardinal cord)
- † Honors Program (medallion)

ADDITIONAL RECOGNITION, UNDERGRADUATE DEGREES

The George Washington Carver Scholarship and Academy is designed for high achieving multicultural students and supports their growth and academic success through specialized curricula and programming. The George Washington Carver Outstanding Achievement Award is granted to those scholars who have demonstrated involvement in a combination of activities such as outstanding community service and successful internships and who are graduating with a 3.50 grade point average or better. These scholars are wearing green stoles.

Iowa State University's Cardinal Key Honor Society, formed in 1926, recognizes students who have achieved the cardinal virtues of leadership, service, scholarship, and character in the university community. Undergraduates must be of junior or senior standing, have earned a minimum cumulative grade point average of 3.00 and be in the top 15% of their academic class. Membership is limited to no more than ½ of 1% of the senior class, and ⅓ of 1% of the junior class. These students are wearing two red cords intertwined with a single gold cord.

GRADUATE COLLEGE COMMENCEMENT SPEAKER

Dr. Alicia Carriquiry

Dr. Alicia Carriquiry is a Distinguished Professor of Liberal Arts and Sciences and President's Chair in Statistics at Iowa State University. She is also the Director

of the Center for Statistics and Applications in Forensic Evidence (CSAFE), a NIST Center of Excellence.

Dr. Carriquiry is an elected member of the National Academy of Medicine, and a Fellow of the AAAS. She is also an elected member of the International Statistical Institute, a Fellow of the American Statistical Association, a Fellow of the

Institute of Mathematical Statistics, and a Fellow of the International Society for Bayesian Analysis. Currently, she chairs the Committee to Evaluate Access to Mental Health Resources for Veterans Offered by the VA, serves on the NAM Committee to review the DRIs for sodium and potassium, and is a member of CATS (Committee on Applied and Theoretical Statistics), of the Advisory Board for DBASSE (Division of Behavioral and Social Sciences

and Education), and of the Report Review Committee (RRC) of the National Academies.

Carriquiry's research is in applications of statistics in human nutrition, bioinformatics, forensic sciences, and traffic safety. She participated in the National Academies' process to develop the Dietary Reference Intakes (DRIs) and maintains an active research and training program in the area of dietary assessment and planning. Carriquiry has published over 130 peer-reviewed articles in journals in statistics, economics, nutrition, bioinformatics, mathematics, animal genetics, and several other areas, and has raised tens of millions of dollars in sponsored research funding. Dr. Carriquiry teaches courses at every level (undergraduate and graduate) in statistics at Iowa State University and has been invited to teach short courses in many organizations around the world as well as in the federal government. She has mentored (or is in the process of mentoring) 21 doctoral students in statistics.

Carriquiry was born in Uruguay, where she graduated as an engineer in 1982. After coming to the United States, she received an MSc in animal science from the University of Illinois (1985), an MSc in statistics (1986) and a Ph.D. in statistics and animal genetics (1989) both from Iowa State University.

GRADUATE COLLEGE STUDENT MARSHAL

Frederick D. Clavel

Major: Psychology

Hometown: Bronx, New York

Frederick Clavel earned a Ph.D. in Psychology and a Certificate of Specialization in Quantitative Psychology from Iowa State University. During his doctoral program at Iowa State, Dr. Clavel received the Teaching Excellence Award from the Graduate College and the Outstanding Empirical Article Award from the Department of Psychology.

Dr. Clavel was an exemplary student during his years at Iowa State. He performed exceptionally well in graduate courses and published a first-authored journal article in *Personality and Social Psychology Bulletin*, two co-authored book chapters, and an encyclopedia entry on statistical methods. He has two additional empirical articles under review, another in progress, and has delivered 26 oral and poster presentations at academic conferences. Throughout his time at Iowa State, he was supported by a fellowship from the Alliances for Graduate Education and the Professoriate.

Dr. Clavel was awarded Master of Arts Scholar Distinction in 2012 by New York University, in recognition of outstanding academic performance while completing his master's degree at New York University.

Dr. Clavel is active in the Society of Personality and Social Psychology and the International Association of Relationships Research. Previously, he was active in volunteer work as a literacy tutor for American Reads 2009-2010. Dr. Clavel's talents are remarkably wide-ranging; he's also an accomplished artist and musician!

COLLEGE OF VETERINARY MEDICINE COMMENCEMENT SPEAKER

Dr. Cate Dewey

Dr Cate Dewey is a Professor of Swine Health Management and Epidemiology at the Ontario Veterinary College. She received her DVM from the University of Guelph in 1979 and after working in private veterinary practices for six years, returned to the University of Guelph to earn her MSc and Ph.D. in 1988 and 1992 respectively. She was an assistant professor at the University of Nebraska until 1995 when she left to join the faculty of the Department of Population Medicine at the Ontario Veterinary College. She served as Department Chair for 11 years and is currently the Interim Associate Vice President

(Academic) at the University of Guelph.

She received the Pfizer Faculty Award for Research Excellence, the Meritorious Service Award from the American Association of Swine Veterinarians, the President's Distinguished Professor Award in 2000 and 2004, the teaching award from Student Senators, and the YMCA Woman of Distinction Award for Science, Technology, and Research.

She was the Executive Editor of the Journal of Swine Health and Production for 14 years and is currently a member of the American Veterinary Medical Association, Council on Education.

Dr. Dewey uses epidemiology as the discipline for her research in swine health management and global public health. She has supervised 21 MSc and 24 Ph.D. students to the completion of their degrees and is currently supervising five others. She has co-authored 202 peer reviewed publications.

HONORARY DEGREE RECIPIENT, DOCTOR OF HUMANE LETTERS

Dwight Ink, Civil Servant and Trusted Advisor to Seven United States Presidents

Dwight Ink is a native Iowan, an accomplished civil servant with extraordinary and outstanding contributions to government and governing, and a

trusted advisor to seven U.S. presidents.

Ink, who grew up in a poverty stricken rural family during the Great Depression, entered Iowa State College in 1940, but he left to serve in the U.S. Army for three years (1942–1945). He returned to Ames and in 1947, and he was the first Iowa State student to earn a degree

in government.

After obtaining his Master of Public Administration degree from the University of Minnesota, he entered the Federal government and quickly rose to high-level leadership roles in a number of federal agencies. These included the U.S. Atomic Energy Commission, from 1951–1965, where in the aftermath of the 1964 earthquake that leveled huge portions of the state, President Johnson appointed him to serve as executive director of the Federal Reconstruction and Development Planning Commission for Alaska.

Ink chaired the White House Task Force on Education (Johnson, 1965); established the Management function in the newly created Office of Management and Budget (Nixon, 1969); headed the Personnel Management Project on Civil Service Reform (Carter, 1977); and held two Senator confirmed appointments under President Reagan, including Administrator for the Community Service Administration (the only federal agency ever closed down during peacetime) and Assistant

Administrator for Latin America at the U.S. Agency for International Development.

Ink possessed an unusual combination of management savvy, determination, and a willingness to take risks, and he successfully attacked government waste and corruption on behalf of seven presidents, from Dwight Eisenhower to Ronald Reagan. Known as “Mr. Implementation,” he was profiled in the book, *If We Can Put a Man on the Moon ... : Getting Big Things Done in Government*, where the authors noted, “The political class respected the skills Dwight Ink brought to the table. ... He took the responsibility of making government work seriously. ... If our government is to reclaim a reputation for competency, we will need more Dwight Inks.” Just this year, Mr. Ink published his fourth book, *Getting Things Done with Courage and Conviction*.

Ink was active in a number of professional organizations and served on the boards of the American Public Works Association, the National Civil Service League, the International Institute of Administrative Sciences, and the National Academy of Public Administration, and he served as president of the American Society of Public Administration and the Institute for Public Administration. He has received awards from numerous institutions, including the National Service League, the U.S. Atomic Energy Commission, the General Services Administration, and Brigham Young University.

Ink’s accomplishments, and his 75-year connection with Iowa State, are chronicled in a number of sources, and his public papers are archived by the Special Collections Department in the university’s Parks Library.

Faculty members from Iowa State’s Department of Political Science nominated Ink for the honorary degree, supported by many letters from leaders in public administration.

UNDERGRADUATE COMMENCEMENT VOCALIST & F. WENDELL MILLER DISTINGUISHED ARTIST IN RESIDENCE

Simon Estes

Simon Estes is an internationally acclaimed bass-baritone who has performed in the world's major opera houses and in special performances

for U.S. presidents and international dignitaries such as Boris Yeltsin, Yassar Arafat, Yitzhak Rabin, Nelson Mandela, and Archbishop Desmond Tutu. Since 2000, he has been a faculty member at Iowa State University, serving as the F. Wendell Miller Distinguished Artist-in-Residence with

the Department of Music and Theatre, sharing his incredible talents and musical knowledge with students and at numerous activities and events.

Estes rose from humble beginnings in Centerville, Iowa, the son of a coal miner and grandson of a slave, to become one of the world's most accomplished opera singers, paving the way for other African Americans in the classical world. He transferred from Centerville Junior College to the University of Iowa in 1957 and was there until he was accepted in the Juilliard School of Music in 1963. Estes has honorary doctorates from numerous colleges and universities, including one from Iowa State University.

In 1965 Estes made his operatic debut in *Aida* at the Deutsche Opera in Berlin. Among his more

than 100 lead operatic roles have been the title role in *The Flying Dutchman* at Bayreuth, being the first male African American to sing a major role on stage there; the role of Porgy in the Metropolitan Opera's first production of Gershwin's *Porgy and Bess*; and the role of Amonasro in *Aida* with Leontyne Price as *Aida* in her "farewell performance" at the Met.

Estes is also internationally known for his humanitarian efforts for children. He established the Simon Estes Educational Foundation, which has awarded more than three million dollars in merit-based college scholarships, and the Simon Estes International Foundation for Children, which provides support for children's health and educational needs. In 2006, he led a group of six Iowa State music faculty members to South Africa to bring music instruction to the students of the Estes school in the Cape Town area.

He has performed numerous benefit concerts to help combat HIV/AIDS and eliminate malaria in Africa. Estes was recently recognized by the United Nations Foundation for personally raising more than half a million dollars for the "Nothing But Nets" campaign, which provides funds for education and bed nets to protect people from the spread of malaria throughout the world.

Estes has taught at the Juilliard School of Music, Harvard University and Boston University. Among his many awards are the Distinguished Iowa Citizen Award, the Iowan Award, and the prestigious Alumni Award of Iowa State University.

STUDENT MARSHALS

COLLEGE OF AGRICULTURE AND LIFE SCIENCES

Catherine Leafstedt

Hometown: West Des Moines, Iowa

Majors: Agronomy and Global Resource Systems; Minor: Economics

Magna Cum Laude

Catherine is graduating magna cum laude with a double major in agronomy and global resource systems, and a minor in economics. She was the only ISU student endorsed for the prestigious Rhodes and Gates-Cambridge scholarships.

Catherine's passion for agriculture in the developing world and global food security led to internships in Peru, Uganda, Nigeria, Mali, Burkina Faso and the United States.

This fall, Catherine will begin pursuing a master's degree in development studies at the University of Cambridge.

Escort: Maria Salas-Fernandez, Associate Professor of Agronomy

IVY COLLEGE OF BUSINESS

Joe Gunkelman

Hometown: Glenwood, Iowa

Majors: Supply Chain Management and Management Information Systems

Summa Cum Laude

Joseph is graduating summa cum laude with a double major in supply chain management and management information systems.

During his time at ISU, Joseph demonstrated leadership skills while serving as treasurer and later president of Delta Upsilon Fraternity. He also worked for two years as a student consultant with the Ivy College of Business program, CyBIZ Lab. In this capacity, he teamed up with other students in applying lessons learned in the classroom to help solve challenges faced by companies in the business world. He also completed a transportation internship with Anderson Corporation last summer.

Joseph has accepted a position with Anderson Corporation in St. Paul, Minnesota, working in an IT Development Program.

Escort: David Cantor, Associate Professor of Supply Chain Management and the Walker Professor in Logistics and Supply Chain Management

COLLEGE OF LIBERAL ARTS AND SCIENCES

Connor Scheuler

Hometown: Coralville, Iowa

Major: History and Political Science; Minors: Military Studies and Religious Studies

Magna Cum Laude

Connor is graduating magna cum laude with a double major in history and political science, and a double minor in military studies and religious studies.

He is a Marine-Option Midshipman in Iowa State University's Naval Reserve Officers Training Corps, which prepares college graduates to assume the highest levels of command as commissioned military officers.

While at Iowa State, Connor served as Navy ROTC Battalion Commander, a position assigned to the finest individual in the Navy ROTC program. He is a 2018 Iowa Governor's Cup recipient, an award given to Iowa's best future military officers, and Iowa State's 2018 Marine Corps Honor Graduate, an honor reserved for the top performing graduate in academics, leadership and physical performance.

As a leader with an exceptional commitment to service and academic excellence, Connor has been awarded a highly competitive Anna Sobol Levy Foundation Fellowship and will attend a graduate studies program at the Interdisciplinary Center Herzliya in Israel.

Following graduation, Connor will be commissioned as a Second Lieutenant in the United States Marine Corps, representing Iowa State University and the United States around the world.

HONORARY DEGREE RECIPIENT, DOCTOR OF SCIENCE

Jon Kinzenbaw

Chief Executive Officer and Chairman of the Board, Kinze Manufacturing, Inc.

Jon Kinzenbaw, an accomplished Iowa farmer, inventor, manufacturer and entrepreneur, is Chief Executive Officer and Chairman of the Board for Kinze Manufacturing, Inc. in Williamsburg, Iowa.

Kinzenbaw was born in 1944 near Victor in east-central Iowa to a frugal, hard-working farm family. In 1965, with \$5 in his pocket and a \$3,655 bank loan, he bought a set of tools, made the down payment

on a 1,400-square foot building in Ladora, Iowa, and opened Kinze Welding, which would become Kinze Manufacturing, Inc.

Over the next 52 years, he has brought innovative technologies and mechanization to production agriculture, all while continuing to work as a farmer himself. Kinzenbaw's success as a "disruptive innovator" is evidenced by the growth of Kinze Manufacturing, with its 520-employee headquarters in Williamsburg, and a second manufacturing facility in Lithuania; by his 37 patents, including two that were issued in 2017; and by his passion for helping farmers be successful.

In 1975, for example, as corn and soybean planters became larger, they became too wide to pull on public roads. The common solution at the time

was to unhook the planter from the tractor, load it lengthwise onto a trailer, pull the trailer to the next field, unload the planter from the trailer, reattach the planter to the tractor, and resume planting. Kinzenbaw saw the need for a better system and invented the rear-folding planter, which allowed farmers to move from one site to another and resume planting without ever leaving their tractors.

Kinzenbaw has received numerous awards over the years for his business, innovation, and outreach activities, including the George Washington Carver Distinguished Service Award from Iowa State's College of Agriculture and Life Sciences; the 2009 No-Till Product of the Year Award; Iowa Engineering Society Governor's New Product Award; and Iowa Farm Bureau Distinguished Service to Agriculture Award. He is also a member of the Iowa 4-H Hall of Fame, the Iowa Inventors Hall of Fame, and Association of Equipment Manufacturers Hall of Fame.

Kinzenbaw's 52-year career exhibits extraordinary achievement by bringing a continuous stream of successful innovations to agricultural mechanization through Kinze Manufacturing. His achievements, work ethic, and adherence to core values are models to be emulated by all Iowa State students.

Faculty members from the Department of Agricultural and Biosystems Engineering nominated Jon Kinzenbaw for this honorary degree, supported by many letters from leaders in public administration.

STUDENT MARSHALS

COLLEGE OF DESIGN

Breanna Kixmiller

Hometown: Walnut, Iowa

Major: Integrated Studio Arts; Minors: Performing Arts and Political Science

Summa Cum Laude

Breanna is graduating summa cum laude with a major in integrated studio arts and a double minor in performing arts and political science.

A member of the Cardinal Key Honor Society and University Honors Program, Breanna was on the Dean's List and placed in the top 2% of her class every semester at Iowa State. She served as a Cyclone Aide and a Student Admissions Representative, and played sousaphone in the ISU Cyclone Football "Varsity" Marching Band.

Breanna will continue at Iowa State University to pursue her master's degree in student affairs.

Escort: Teresa Paschke, Professor of Art and Visual Culture

COLLEGE OF HUMAN SCIENCES

Morgan Bahl

Hometown: Carpentersville, Illinois

Majors: Nutritional Science and Dietetics

Summa Cum Laude

Morgan is graduating summa cum laude with a double major in nutritional science and dietetics. Morgan has completed the University Honors Program and made the Dean's List for nine consecutive semesters.

Morgan's campus involvement while at Iowa State University has demonstrated that she is forever true to ISU. She has provided nutrition and food safety outreach to Iowans as a Heddleson Intern, and has evaluated the effects of a statewide extension wellness newsletter as a Rosenfeld Research Intern.

After graduation, Morgan will complete a dietetic internship at Michigan Medicine at the University of Michigan, Ann Arbor. She also plans to earn a master's degree in counseling.

Escort: Sarah Francis, Associate Professor of Food Science and Human Nutrition

COLLEGE OF ENGINEERING

Zachary Carpenter

Hometown: Plymouth, Minnesota

Major: Mechanical Engineering

Summa Cum Laude

Zachary Carpenter is graduating summa cum laude with a major in mechanical engineering. Zachary was on the Dean's List every semester while at Iowa State University. He was also the recipient of the prestigious Iowa State Commander's Cup for being at the top of his Air Force ROTC class.

During his time at Iowa State, Zachary participated in many organizations, and served as a peer mentor and teaching assistant. He also helped to raise funds for St. Jude and Relay for Life, volunteered at Ames Community Youth Club and Boys and Girls Club, and completed internships with Medtronic and the National Reconnaissance Office.

Following graduation, Zachary will be commissioned as a Second Lieutenant in the U.S. Air Force, representing Iowa State University and the United States around the world.

Escort: Lt. Col. Bill McTernan, Professor and Chair of Air Force Aerospace Studies

IOWA STATE UNIVERSITY SENIOR CLASS COUNCIL

The mission of the Senior Class Council (SCC), a committee of the Student Alumni Leadership Council (SALC), is to benefit and unite seniors through events and services while promoting an understanding of the Iowa State University Alumni Association. The 2017-2018 Senior Class Council is comprised of 14 students who are dedicated to recognizing seniors for their many achievements.

This year's Senior Class Council has planned a number of programs for seniors including both Fall and Spring Senior Weeks, where seniors enjoy special tours and free food on campus; the Senior Package, a gift set that included commemorative

Iowa State items; Grad Breakfast, a chance for seniors to relax and enjoy a meal served by ISU faculty and staff; Real Life Answers, a conference for seniors to prepare them for life after graduation, and the Senior Send-off, a year-end event for seniors at the ISU Alumni Center to celebrate seniors' transitions to being alumni! The events that SCC plans and co-sponsors are intended to be both beneficial and enjoyable for seniors.

For more information on SCC and SALC programs, please visit www.isusalc.org.

IOWA STATE UNIVERSITY ALUMNI ASSOCIATION

Cyclones Everywhere

Iowa State University alumni are more than 250,000 strong. And they are everywhere ... in all 50 states and 152 countries – a family united by the Cardinal & Gold. No matter if your adventure takes you far from the heartland or if you put roots down right here in Iowa, if you're a Cyclone, you're never really far from home.

Keeping graduates connected to Iowa State and each other is the No. 1 goal of the ISU Alumni Association. Through reunions, events, social media, and other communications, the Alumni Association is your one-stop-shop to re-engage with your university.

Here are six ways to continue your Iowa State adventure through the Alumni Association:

1. Connect with Cyclones everywhere through our local affiliate groups in more than 30 locations.
2. The ISU Alumni Center is your forever home. Stop by the Center (420 Beach Ave.) on your way to central campus; better yet, park at the Center and ride CyRide!
3. Take advantage of the Association's career resources, like resume reviews, webinars, blogs, and job-hunting tips.
4. Download the Iowa State Alumni App from the App Store or Google Play.
5. Stay connected with Cyclones everywhere through the online Alumni Directory – and don't forget to update your own information when you move or change jobs.
6. Become a New Grad Member of the ISU Alumni Association and receive discounts, invites to events, and more (www.isualum.org/newgrad).

THE HISTORY OF "THE BELLS OF IOWA STATE"

Iowa State University Library
Special Collections Department

James C. Wilson (1900-1995) was a member of Iowa State's English faculty from 1928 to 1931. He had to resign due to his lack of a Ph.D., and prior to his departure, he submitted a college song candidate for a song contest sponsored by the Iowa State Club of Chicago.

Jim and his wife, Alice, moved to Chicago where as he notes, "We (in addition to their two babies) had \$212 in cash from my last paycheck, our five-year-old Chevrolet, and the tent." He won first place with "The Bells of Iowa State," and the family was able to purchase a small cottage on Lake Michigan.

"When I wrote 'The Bells of Iowa State,' I thought then that it had much more depth and emotion than your basic football fight song," Wilson said. "Its continuing popularity leaves me very pleased, not so much because it's my own song, but because it has had such a good effect on those who have been touched by it." (The Iowa Stater, June 1983)
